To: Nursing Facility Providers

Subject: Information Letter No. 16-10
New Billing Codes for Preadmission Screening and Resident Review Custom Manual
Wheelchair Assessments

The purpose of this letter is to notify nursing facility providers that effective February 1, 2016, assessments, completed on or after February 1, 2016, to determine whether a Medicaid eligible, positive Preadmission Screening and Resident Review (PASRR) resident with IDD would benefit from a Custom Manual Wheelchair (CMWC), must now be billed as a separate service using the information provided below.

Providers should refer to the Long Term Care (LTC) Bill Code Crosswalk for complete details. To ensure the Texas Medicaid & Healthcare Partnership (TMHP) does not deny a claim for services due to a lack of authorization, nursing facility providers should continue to review the resident's Medicaid Eligibility and Service Authorization Verification (MESAV) to verify a service authorization has been created before billing.

PASRR CMWC Assessment Billing Codes effective February 1, 2016

For assistance regarding PASRR billing, nursing facility providers should contact TMHP at 1-800-626-4117, and select option 1.

Sincerely,
