

## HIT Annual MCO and DMO Survey Request Due June 10, 2016

### **Background**

HHSC and our partners continue to work together to create Health Information Technology (HIT) and Health Information Exchange (HIE) programs for the benefit of the Texas healthcare community.

HHSC would like to understand the use and functionality of MCO's and DMO's network provider and member portals. HHSC would also like to assess MCO's and DMO's involvement in the current HIE landscape in Texas.

### **Request**

HHSC requests that STAR, STAR Health and STAR+PLUS MCOs and DMOs take the survey below by close of business **Friday, June 10, 2016**. If you have questions, please contact Hickmon Friday at [hickmon.friday@hhsc.state.tx.us](mailto:hickmon.friday@hhsc.state.tx.us).
